ENROLLMENT CALENDAR

Classes at ASPIRE Academy of Aesthetics begin on Tuesday, every 6 weeks, unless that Tuesday happens to fall on a Holiday, in which case, class will begin on a day shortly after and announced accordingly. When turn out for a class is excessively low, or to meet the demands of an overly large class-the enrollment calendar may be adjusted to better suit the needs of the students. Enrollment periods will be announced through social media. Classes meet Tuesday-Thursday, 10am – 8pm. Friday and Saturday 10am – 3 pm. ASPIRE Academy of Aesthetics is a clock-hour school. The Tennessee State Board of Cosmetology and Barber Examiners have established a required number of hours that each program is required to meet prior to graduation. Cosmetology: 1500 hours, Aesthetics: 750 hours, Manicuring: 600 hours, Instructor: 300 hours. A student enrolled in the Aesthetics Program and the required hours of 750 will be in your enrollment agreement as goes for Instructor Program of 300 required hours. Students can enroll in courses up to the start date of each month. The approximate graduation date is not a guarantee- only an approximation. Actual graduation dates will be directly affected with any lost hours. Just as the Aesthetics Program – ASPIRE Academy of Aesthetics will allow a “time bank” for personal time allotment. Full time students will receive 8 days/32 hours and Part time students will receive 4 days/15 hours. **Note:** Tardiness and absences can deplete this “time bank” very quickly. **ATTENDANCE IS CRUCIAL.**

The Board of Labor Statistics reports as of 2018, 71,800 Aestheticians were plying for their trade. By 2028, that number is expected to grow by 7,800 to reach nearly 80,000. That increase represents job growth of 11% across 10 years, which is more than double the total expected growth across all occupations. That’s largely because the industry is growing so quickly. As demand soars, new salons, spas, and healthcare facilities spring up to meet the need. In addition, many more males are beginning to seek out Aesthetician services, which historically were within near-exclusive realm of women.

Aesthetics is one of the fastest growing jobs in America, and it is quickly gaining new respect, especially among the medical community. As more women and men focus on self-care and wellness, they are looking for professionals dedicated to helping them improve the overall health of their skin. ASPIRE Academy of Aesthetics looks forward to meeting and welcoming you to getting started on your journey to being a Licensed Aesthetician.

For additional information call today to schedule appointments for a personal meet and greet and tour our school. Office: (423) 343 -9597.

While we will do our best to accommodate everyone, the careers that ASPIRE Academy of Aesthetics offers training for may not be suitable for every individual. ASPIRE ACADEMY OF AESTHETICS POLICIES AND PROCEDURES

CONDUCT AND BEHAVIOUR

Students are expected to always conduct themselves in a professional and dignified manner. Arguing and profanity are not allowed. Students are required to treat your fellow students, your educators, and all guests with respect always. In certain disciplinary cases, a student may be dismissed from school for the remainder of the day due to an infraction such as foul language, disrespect, or threatening or aggressive behavior. In this case, this dismissal for the day will be documented and will count as the next applicable step in the current disciplinary action plan, whether it be a written warning or a suspension and can affect your contract hours and date of graduation. If a situation occurs, please first go to your educator, and notify them in a professional manner. If this does not satisfy the situation, address your concern to the school Director. Theft and/or damage in a purposeful behavior to skincare equipment and/or school property will result in immediate termination from ASPIRE Academy of Aesthetics.

SANITATION POLICY

Laundry will be performed by students daily throughout the day/evening. Clean towels and linens will be immediately placed in a closed area (closet) that has been specifically designated for. All soiled towels will be placed in a labeled soiled container after each client service and taken to laundry room and placed for laundering. Laundry detergent will contain a bleach solution. All waste containers throughout the school must be emptied and sanitized daily. Staff or students with open sores on hands cannot meet a client. Students must wash their hands with soap and warm water before performing all client services. If you wore rubber gloves, used towels, linens, capes, robes, aprons, head wraps, etc. –anything that even potentially touched a client - you need to place in an appropriate labeled container immediately post client service. All tools used in a mechanical treatment for clients' service must be immediately cleaned with soap and warm water and then submerged in a wet sanitizer for the approved time per manufacturer's directions and then dried in a closed area and placed in a dry sanitizer for an

approved time. Wet disinfectants must be prepared fresh daily and replaced immediately when contaminants become visible. A disinfectant log will be maintained and kept in dispensary. All disposables used for a client treatment such as cotton compresses, gauze, Q tips, spatulas, spools, etc. must be placed in a labeled trash container immediately after use and post client services. All hard services including equipment, facial bed and chairs, table, cart, etc. will be disinfected prior and post each client service. All client services will be supervised by a Licensed Instructor.

ATTENDANCE & TARDY POLICY

Attendance is crucial for this Program. Students are expected to attend all class sessions. Sometimes absences may result for reasons beyond the student's control. The school must be notified by call, text and/or email in advance if a student cannot attend one of his/her classes. Students must call, text and/or email the school at least 15 minutes prior to their contracted time to begin class and must speak directly with the School Director or Instructor. You may not leave a message with the receptionist. A student must call, text and/or email in for his/herself except in the case of an emergency where a family member or legal guardian may email and call in for the student. Illness of 2 days or longer requires a doctor's note. Failure to call in or show up for class by your scheduled time will result in a written warning, probation and/or suspension. ASPIRE Academy of Aesthetics does not differentiate between excused and unexcused absences therefore, any loss of class time through early leaves, tardiness, or missed days will be counted against you and your time bank and eventually lead further into your contracted agreement time and negatively affecting your completion of required hours needed to graduate on time as designated. It is student's responsibility to "clock in" and "out."

Student must maintain an attendance percentage of at least 84%. Failure to maintain at least 84% attendance will result in the student being issued a Caution letter. If a student's attendance percentage falls below 80% the student will be issued a warning letter. Excessive absences may require termination of enrollment from ASPIRE Academy of Aesthetics. Full time students must attend at least 110 hours per month to maintain compliance.

ASPIRE Academy of Aesthetics allows each student a bank of personal time aka "time bank" to use for unavoidable illnesses, or other reasons to miss or attend later than scheduled start times. Full time Aesthetics students have a bank of 8days/32hours (end of allotment time "time bank" is by whichever comes first the days vs hours) for Part time student will be granted 4 days/15 hours (end of allotment time "time bank" is determined by whichever comes first days vs. hours) for part time students. Each day you miss, each tardy or early leave depletes this allotment of time. While you may not miss school, it will not take long for tardiness or leaving early to deplete this time bank. When this time bank is exhausted of time, you will face overage charges that add on to your tuition charges at a rate of \$3 per hour. Forced or scheduled closings of the school will not affect this personal time. However, if the school is open and operational and you are not there when you are required to be per your enrollment agreement, that instance will count against your personal time. Any missed time outside of the time bank will result in graduation being postponed. Your enrollment agreement/contract establishes how long it should take you to complete the course. Anything beyond the contracted length of time to complete the course will result in overage charges that are in addition to your contracted tuition amount. In the simplest form, the more you are present, the quicker the time is completed for the course.

ATTENDANCE WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and will be reevaluated at a subsequent evaluation period. Students will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, they may be placed on probation. Students may not be placed on warning status for more than two consecutive evaluation periods.

NOTE: Students who miss a total 15 hours or more of training in level 1 will have to make up the entire Level 1. You will NOT lose your hours. The repeat is only to allow you to develop skills missed during the foundation of your career. Students who are struggling with foundational skills will be required to repeat level 1. The student will not

lose their previously earned hours-they are being given the opportunity to strengthen those basic skills that other learned tasks will build on. School is open, and you choose not to attend class, that will count toward your allotment of personal days. Notifications will be sent out via social media, text messages to individuals, and phone calls. (This is why it is imperative we have a current number to always reach you). Makeup work and assignments is the responsibility of the student. The student is given a syllabus for respective classes that clearly outline assignments due, as well as the date the assignment is due. If a student fails to turn in the required assignment within that SAP interval, a '0' will be recorded. If the average drops, the student will be required to address the consequences.

OVERAGES

Overages are hours calculated past the assigned graduation date due to student's absences, tardiness, and leaving early. **\$3 per hour** are assessed for every hour student accumulated. Aspire Academy of Aesthetics will charge additional tuition for hours remaining after the contract date at a rate of \$3 per hour.

LUNCH / BREAKS

Breaks will be taken in the morning, afternoon, and evening. Lunch is 30 minutes during the day. The 30 minutes is all inclusive: travel to, eating, and returning to school. If a student habitually returns late from lunch without prior approval, it may be required that the student return with a doctor or court note covering the late return or face disciplinary actions. Due to evening classes being a shorter period a 15-minute break will allowed.

PARKING

Students are required to park in designated areas of the parking lot.

LEAVE OF ABSENCE POLICY

ASPIRE Academy of Aesthetics does have a Leave of Absence policy in place to assist students when it becomes needed to pause their education.

The Leave of Absence Policy is: ASPIRE Academy of Aesthetics offers a Leave of Absence Policy and is strictly to be used to assist students when it becomes necessary to pause their education. A student may take at minimum of 2 weeks (14) days leave from school. This leave will NOT add to overages-it will only extend your graduation date (an enrollment addendum is required that must be filed prior to the leave being taken except in extreme circumstances when it is physically impossible for the student or legal guardian to come into the school).

When unforeseen circumstances do require a Leave of Absence ASPIRE Academy of Aesthetics will document why the leave was needed, the reasoning for decision, and gather as much information as possible with the understanding that as soon as the student is able or immediately upon return from the Leave of Absence, the remaining information is gathered. The Leave of Absence will begin on the first day the student was unable to attend.

To be considered an official request, all Leave of Absences must be in writing by a completion of a contract addendum that requires the reason, student and school Director's signature, documentation of decision, leave dates, and new contracted dates.

The student may take no more than 180 days of leave.

No Leave of Absence or combination of Leaves of Absences during can extend 180 - calendar days per enrollment period. If a student has exceeded their leave of absence of 180 days, the student will be required to terminate enrollment, and re-enroll in an upcoming class that is available.

Because any Leave of Absence is strictly just a pause in enrollment, no refund calculation is required because that student is not withdrawing from the school.

Personal time will not be used to cover any of the Leave of Absence.

The student will come back in on the same level of Satisfactory Academic Progress Policy as when they requested the leave.

A Leave of Absence will be denied if:

- Leave taken for an inappropriate amount of time.
- Leave taken without an approval from the school Director and with no evidence of unforeseen/ mitigating reasons.
- The Leave extends beyond the maximum 180-day allotment per year.
- If a student fails to return from leave on the day the Leave of Absence expires or takes an unapproved leave the student will be considered as withdrawn and then will fall under the Refund/Withdraw Policies. The withdraw date will be the last date of attendance.
- If a student takes a Leave of Absence and realizes that the time requested will not be sufficient for their needs, a student may extend that time by renegotiating the addendum first applied. This must be done in person (except in mitigating circumstances) and no later than the day before the current day the Leave of Absence is set to expire.
- If a student requests a Leave of Absence and does not wish to take all the requested time, if the minimum calendar day requirement has been met, but less than 180 days; a student may end their leave early.

WITHDRAW /REFUND POLICY

Before you decide, PLEASE consult with the Director or an Instructor. We are not so disconnected that we do not realize that life happens outside of our school. Official cancellation or withdrawal will occur on the earlier of the dates that a student or legal guardian cancels his/her enrollment in writing within 3 business days of signing the enrollment agreement. 12) If a student or guardian who withdraws fails to adhere to the agreed-on payment arrangement, ASPIRE Academy of Aesthetics will refer the student to a collection specialist. The student or guardian will then be responsible for tuition as well as all collection, attorney, and court costs accrued with collection attempts.

RE-ENTRY AFTER WITHDRAW

Students may be considered for re-entry only with approval of school director and/or advisory board. New tuition charges and enrollment contracts are required. Any unpaid tuition, overages, etc. from a prior enrollment must be paid prior to re-enrollment consideration. An essay must also be presented explaining:

- 1) What is different between when you left school and now at time of re-enroll?
- 2) How will you avoid another withdrawal?
- 3) Why do you want to come back to ASPIRE Academy of Aesthetics, personally signed and dated.

SATISFACTORY ACADEMIC PROGRESS

Also known as SAP (for abbreviation) is a way to measure and evaluate your growth in skills and academics and maintain a successful path to graduation. SAP is required for all enrolled students. Per Department of Education guidelines, the Satisfactory Academic Progress evaluations must be done before the mid-point of an Academic year. Students, who meet the minimum requirements, will be considered as making Satisfactory Academic Progress until the next scheduled evaluation, also known as a traditional grade card.

SAP REQUIREMENTS

To meet SAP, students must meet the following:

- Academic Requirement – 84% Cumulative Grade Average
- Attendance Requirement – 84% Cumulative Attendance Average

School Holidays/Closings are not considered in the calculation of cumulative attendance. Course incompletes and noncredit remedial courses are not applicable and have no effect on SAP standards. Clock hours or credits accepted from another institution toward the students' educational program are counted as attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours. Students meeting the minimum requirement at any evaluation are making SAP until the next scheduled evaluation.

SATISFACTORY ACADEMIC PROGRESS AND POLICY

Maximum Time Frame - Students must complete their course of study within a period of maximum time not to exceed 150% more than the length of time scheduled for the course in which they have enrolled. If completion is not accomplished as per maximum time frame, student will be charged tuition \$3/hr. The maximum time allowed for students who need less than the full course requirements or part time students will be determined based on a 84% of the scheduled hours.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or if the performance does not meet acceptable requirements, it is not counted, the performance must be repeated. At least 1 comprehensive practical skill evaluation will be conducted during study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a satisfactory comprehension FINAL written and practical exam –within 24 hours prior to graduation. Students must make up failed or missed tests and incomplete assignments and is solely student's responsibility.

To fairly grade students on submitted Theory work, ASPIRE Academy of Aesthetics will apply the following scale:

- 90-100: Excellent
- 80-89: Satisfactory
- 70-79: Acceptable
- 69 and below are considered Unsatisfactory

All students are expected and required to earn a 70% or higher on exams, 85% or higher on practical skills, and 67% or better attendance rates (to avoid overages, a student must maintain a 84% attendance rate). Each grade is cumulative, meaning- grades are averaged from day 1 to the end, and test when you are scheduled to reach milestones, not when your clocked hours reach/ meet each time mark. To ensure successful completion of your (SAP) Satisfactory Academic Progress evaluation, **attendance is crucial**. If we notice the grades, attendance, or skill set dropping below satisfactory levels-even between SAP intervals, a student will be a candidate for counseling to determine what must improve to have a positive impact on the grades before that next interval. Students will complete Satisfactory Academic Progress policy reviews at specific intervals during their enrollment. Satisfactory Academic Progress Policies are applied to scheduled hours-not on actual attendance. The student must be at least acceptable with skills and academics. The student must be at satisfactory with attendance. All 3 factor into the final SAP score. Theory grades are taken from tests and homework assignments throughout the weeks of theory class. The overall average **MUST** be at a 70% or better. The first Satisfactory Academic Progress interval is 375 hours. If in those 375 hours you complete 4 theory tests: 71, 86, 52, 72. The average will be 75%. From 375 hours through 750 hours, you complete another 4 theory tests: 71, 86, 60, 72. The Satisfactory Academic Progress program will take the cumulative average of all 8 grades. Practical grades are taken from exams over practical, hands-on, skills taught during clinical hours. A skill will be introduced, practiced, and then tested. At no point will a student be tested over a skill that was not previously introduced. If a student fails to attend school when a new skill is introduced, **it is student's responsibility to schedule a makeup time with the instructor** to ensure a skill is fully understood. Attendance is a vital element in any career. To avoid overages, a student must maintain 84% attendance. A student who falls below 84% will be responsible for all overages charged. The overall score is an average of the Theory, Practical, and Attendance scores. That average is your overall Satisfactory Academic Progress Policy score. When minimums are met, a student is making SAP! Leave of absence will not affect a Satisfactory Academic Progress Policy grade. The hours that were missed during an approved Leave of Absence will be added on to the end of a contract. Students who leave the school will come back in under the same Satisfactory Academic Progress Policy status as when they left the school. Students who leave prior to the Satisfactory Academic Progress policy testing and then reapply later will be treated as a transfer student and tested before half-way through their newly contracted hours. Transfer students will be tested under the same criteria- before the halfway point of their contracted hours with ASPIRE Academy of Aesthetics. Results of any Satisfactory Academic Progress policy evaluation will be readily available (within 7 school days) to the student upon completion.

QUALITATIVE & QUANTITATIVE MEASURE

All students must maintain an 84% grade point average (GPA) on written tests and practical work. Full time students must maintain a minimum of 120 hours per month. Part time students will be determined individually as each student's lifestyle will vary as ASPIRE Academy of Aesthetics will do their best to be accommodating to individuals(s) who have a desire to act upon and seek enrollment with the school. If a student's attendance percentage falls below 84% the student is considered as no longer achieving satisfactory progress and disciplinary action will follow.
